### THE LEGISLATURE.

Snap Shots Taken by The Vidette's Representative.

BORDER VIDETTE Headquarters, Capital Building, Phoenix, Ariz.

Now that the contest for the Speakership has been disposed of the house has gotten down to business and is running like a well oiled piece of machinery.

The Union Label matter when it first appeared in the Senate was unanimously adopted, requiring all letter heads and stationery to bear the Union Label, the house, however turned it down, for the reason, as some members stated that as the house had passed an anti-blacklist law it was illogical to turn right around and blacklist all the printers in Phoenix excepting two. That got some of the Senators to cogitate, with the result that the matter was brought up again on Monday, but a sufficient number remained with the pot, and the Union Label remains.

Sam Pattee, with a score of trunks, packing cases and law books is on hand to work in co-operation with the code committees of each house.

Commencing on the 12th no morning sessions were held, the forenoon being devoted to work of the committee on code, and other committee work.

Senator Pace has introduced an Anti-Tip bill which is intended to reduce the high cost of living.

Yavapai county has achieved the distinction of being the home of both presiding officers, but little old Santa Cruz contributes the Secretary of the Senate C. P. Cronin, and the Assistant Chief Clerk of the House, Mr. P. J. Munch. They certainly looked good to the lawmakers, as the salaries of both were immediately raised, Munch to six dollars per day and Cronin to seven.

Jim Harrison presided as Chairman over the committee of the whole on Monday, and engineered the proceedings with the degree of efficiency that usually characterizes his endeavors.

### CATTLEMEN GET BODY BLOW

New Order Says Stock Must Be Dipped Twice.

Dr. T. A. Bray, of El Paso, representing the bureau of animal industry on the Mexican border, last Thursday telegraphed the collector of customs here an order by which imports of cattle at this point will henceforth be required to be dipped twice at an interval of seven days. This means that cattle coming in from Mexico must be brought in and dipped, then held here and fed for seven days, then dipped again.

While this is a great hardship on certain importers, who already have contracts made for spring delivery, on which they are now likely to lose money, it is not altogether unexpected. It is provoked by the fact that certain shippers have heretofore brought cattle into the clean districts of Sonora, from the tick-infested regions further to the south, and then imported them as though they were from the clean territory, disregarding the provisions set forth by the department of agriculture governing such importations.

Foreseeing that trouble would result from such action, the more responsible importers, such as the Alamo Cattle company, have taken steps calculated to prevent the necessity of such drastic measures on the part of the bureau, but without effect.

Since only about 1000 head of cattle can be accommodated in the stockyards here, and the spring shipping season is over in about eight weeks, it will be seen that but a small number, comparatively, can be put through this port, while at least 20,000 head are thought to be actually contracted for. W. B. Kibbey, president of the Alamo Cattle company, today said that his company had contracts for 8,000 head for May delivery at this point. The shipments of last spring aggregated about 35,000 head, indications have pointed to a much larger importation during the coming spring.—Tucson Star.

### MADERO WILL RESIGN.

Good News Come From Mexico's Capital.

Mexico City, Feb. 14.—The resignation of Francisco I. Madero as president is believed to be in the hands of the Mexican congress. It is authoritatively stated that Madero agreed to resign if the senate so wished. The senate was called into session about 8 o'clock tonight to take action on this important phase of the situation.

At the British legation, where Senator De La Barra took refuge Thursday, it is said Madero's resignation will be accepted and it virtually has been arranged for De La Barra to probably succeed him in the presidency. Later De La Barra, while proceeding through the streets in an automobile, stopped and made a brief address, assuring the crowds a peace settlement was certain and probably could be reached before morning.

De La Barra has been in consultation both with Madero and Diaz regarding a quick settlement in order to avoid intervention.

At 6 o'clock tonight General Huerta federal commander, gave orders to cease firing. Soon detachments of federals were seen marching from positions to the government base near the palace, guns swung on their backs.

The law in Mexico makes it necessary for the resignation of the president to be submitted to congress and for this reason official announcement of the resignation of Madero may be delayed considerably, even if already decided upon.

Another development early in the evening was the resignation of Rafael Hernandez, minister of the interior.

Whether hostilities will be resumed tomorrow, naturally depends on the action of the president and congress. In case of dilatory tactics it is not impossible that Diaz will decide to force action. It is repeatedly said that nothing short of resignation of President Madero would satisfy him—Madero must resign or he, himself die fighting.

### NOTICE OF FORFEITURE.

Alto, Arizona, December 4, 1912  
To Henry Habenicht, his heirs and assigns:

You are hereby notified that we, the undersigned, have expended during the years 1910 and 1911, the sum of One Thousand (\$1,000.00) Dollars, in labor and improvements upon the following lode mining claims, situated in the Tyndal Mining District, Santa Cruz County, Arizona, to-wit: The Rainbow, Polaski, Prince of Wales, The Mary, Pittsburg, the notices of location of which are recorded in the office of the County Recorder of Santa Cruz County, Arizona, in books nine and ten, Mining Locations, at pages 265, 264, 265 137 and 138.

The labor was done and said improvements made in compliance with the requirements of Title XXXII, Chapter 6 Section 2321, of the Revised Statutes of the United States, and amendments thereto, and of the laws of the Territory of Arizona, concerning annual labor on mining claims, being the amount necessary to hold said mining claims for the period ending December 31st, 1911.

And, if within ninety days from the personal service of this notice, or within ninety days after the publication thereof, you fail or refuse to contribute your proportion of such expenditure, as co-owner, to wit: one third (1/3) of such expenditure for the said years, your interest in the said mining claims will become the property of the undersigned, your co-owners, who have made the expenditure required by the terms of the above-mentioned section.
